Long Stand-by Time

The Snom C520-WiMi together with the Snom C52-SP is the perfect solution for those who frequently make conference calls in large conference rooms with numerous participants. Up to three C52-SP can act as hands-free units thanks to the two integrated microphones and the powerful speaker.

With its DECT wireless connectivity and battery power supply the Snom C52-SP can be positioned at a distance of up to 50 metres away. With fully automatic voice synchronisation, the microphones allow every participant to clearly understand. The C52-SP handsfree device also has an extremely powerful battery that allows for up to 12 hours talks time.

## Advantages

- C520-WiMi expansion unit for large conference rooms
